Ethics and human resource management and development ... - Human resource management is a strategic, integrated and coherent approach to the employment, development and well-being of the people working in organisations (Armstrong, 2016:7)  
Human resource management is the process through which management builds the workforce and

tries to create the human performances that the organisation needs.

THE PRACTICE OF HUMAN RESOURCE MANAGEMENT - Development (CPD) on ethics? Human Resource is a business function that is concerned with managing relations between groups of people. Inevitably, this process may raise questions about what the respective responsibilities and rights of each party are in this relationship, and about what constitutes ethical practice.
